OUR STORY SO FAR

Ernie Fairchild was once a normal kid. That was a long time ago. After years of abuse by his parents, his mind was twisted.

An experimental dream probe designed by Dr. Price to cure Ernie's "withdrawal" led to his meeting with Lady Death, a ravishing seductress from the netherworld. She asked Ernie to kill - on a grand scale. In return, she would give him love. Ernie was happy to comply.

Years later, along comes Dr. Mary Young with an experimental cure - Neurotech. Ernie Fairchild will be her test subject. Dr. Price is dead set against any experimentation on Ernie, but the state has approved....
